The probation officer believes that the offender has violated the following condition(s) of supervision:

Violation Number Nature of Noncompliance

1 Violation of Standard condition that the defendant not commit another federal, state or local crime.

On 9/6/05, the probation office became aware that the defendant had been arrested by the State Police, South Boston Division, on 9/2/05. A police report regarding this matter was obtained which indicated that at approximately 11:00 am on 9/2/05, State Police personnel observed the defendant impeding traffic at the intersection of Dorchester St and Dorchester Ave. in Boston. The defendant operating a Toyota was stopped at a green light and did not move even when other motorists blew their horns. The State Police Officer approached the vehicle while noticing the defendant's license plate was affixed with only one screw and the windshield had been smashed. The officer asked the defendant for his license and registration, to which the defendant replied that the vehicle was not registered. The officer also observed a needle and syringe in plain view in the front compartment in plain view. When asked about the needle and syringe the defendant reported to the officer that he was a diabetic. The offender also reported to the officer that he did not have any previous narcotic arrests.
